<p>Public Comments:</p> <ul style="list-style-type: none"> • John Beck- mapping project finished. August 5th is the next Lake Enhancement meeting. Knotweed will be treated by Shawn Kanouse. • Jeff & Sharon Brown- Inquiring about Section 12 in the Midway Heights Subdivision. On the plat map it shows that they have access to the walkway, and they are curious where the actual walkway is from the Townships perspective. The neighbors believe that they are trespassing and encroaching on their property. They have looked into getting something in writing from the County to help them with this issue. They are also having issues with the neighbors due to setting a dock and placing a boat in the water. The Brown’s will be looking into having another survey done as well as seeking legal help. The Brown’s were advised by Rob Hall to check their deed for the specifics on the area of concern. Hall also told them that he believes that the survey that has recently been done is correct. • Bonnie Baird- She is looking for a clear definition of easement and alley use. Is it for driving, parking, ect? Also curious about how the back lots and residential lots are taxed. 	<p style="text-align: center;">PUBLIC COMMENTS</p>
