<p>Public Comments:</p> <ul style="list-style-type: none"> • Mary Galvanick- PFAS, Cadillac Advocates for Clean Water. Concerned about Tim & Barb Miller property on Seeley rd and discussed that it is a superfund site which took on hexavalent chrome. After her conversations with a retired DNR officer she learned that the contaminants were spilled all over the road, sat in vats on the property and when it rained, the vats would spill out onto the ground. Roughly 50-100 ft. sits the Clam River. Cleaning up a superfund site is not an easy task, and you have to get the EPA to recognize this location as a superfund site first. Mary thinks that the neighbor's properties need tested as well. The current property owners are compliant and would like the testing done due to major health concerns that are ongoing within their family. Haring Township has already purchased 100 VOC tests and other areas of concern are Boon and Pleasant Lake (Cadillac). Mary is requesting that Lake Township purchase \$1300.00 worth of VOC's so that this site and neighboring sites could be 	<p>PUBLIC COMMENTS</p>

tested, which would help get the EPA's attention if there are identifiable contaminants affecting this area. Mary also stated that her father-in-law, Don Hubble (attorney) has signed paperwork into assisting Haring Township and stated he could do the same for Lake Township. The board discussed a previous site that we had tested and how this could impact the Clam River and our local lakes. **MOTION** by Norman to pay a maximum of \$1300.00 directly to the VOC test vendor pending quotes and attorney consultation. Seconded by Winkelmann. **MOTION CARRIED**. Roll Call: Yes- Bradley, Hall, Gaines, Winkelmann, Norman. No-0. Absent-0.

- **Diane Berry**- Told Mary to contact Dave Maynard. Back and forth discussion between Diane and Mary and Diane's personal experience working within that field.
- **Dave Christle**- Questioned why a logger didn't come in to take out the few trees at the Helmer Park location. Supervisor Hall stated that a logger wouldn't come for just a few trees.
- **Chris Andersen**- Did we get any income from the State for the Helmer Park Grant? Supervisor Hall- no, just the original submission from engineering services. Chris supplied Supervisor Hall with a spreadsheet and stated that we are upside down in funding. How do we plan to pay for the contractor if we haven't received any funds for this park project? Supervisor Hall stated that the funds are available, we would have to pay the contractor out of the general fund and then when the funds are received, reimburse the general fund. Chris Andersen then asked Norman if he was planning to keep track of the expenses with a spreadsheet. Norman- no. Andersen- is there a franchise agreement with Cherry Capital, he didn't see it on the website? Supervisor Hall- yes, there is an agreement. Andersen- do we have an agreement with the city of Lake City about mutual aid for sewer operations? Supervisor Hall- it really isn't a mutual aid agreement, but we do go back and forth helping one another out.
- **Susan Swiger**- Missaukee Conservation District- Presented information on a program for children that will be held at the Crooked Lake Park this summer.
- **Diane Berry**- Lake Enhancement Committee- Hoping to hear about fish stocking from the DNR and was concerned about all the catfish in Crooked Lake. Requested that she be reimbursed for her \$50.00 membership dues to MI Lakes. Berry also commented on Susan Sigers presentation. Cost is \$10.00 per child per day, 4 days of lesson plans and the entire program costs \$6500.00. Between Swiger and Berry, they requested the board consider paying the \$6500.00 out of the Lake Improvement Fund for the summer program at Crooked Lake, which was previously funded by a grant. **MOVED** by Norman to pay \$3250.00 out of the Lake Improvement Fund for the 4 day fish & lakes program with

MOTION to pay \$1300.00 directly to a VOC test vendor for PFAS tests pending quotes and attorney consultation.

MOTION of support to fund a 4-day fishing/lakes class at Crooked Lake in the amount of \$3250.00 out of Lake Improvement Fund pending contract and insurance.

<p>hopes that the remainder of funding could come from other areas as the program is open to all kids and families, not just Lake Township, pending a contract and insurance. Seconded by Bradley. Roll Call: Yes- Gaines, Winkelmann, Hall, Bradley, Norman. No-0. Absent-0.</p>

<p>invite Manton Fire Chief to explain how the third party billing company works doing fire billing fee collection. Manton has used this company for a few years and McBain is getting ready to sign on. Four runs since last meeting- false alarm, CO alarm, gas leak and mutual aid forest fire. Discussed the false alarm. Lake Township tone with calling Missaukee Fire for fence fire at Goose Lake. Immediately re-toned with Missaukee Fire only for correction. Our group was at the fire barn trying on wetland gear and had just left the barn. They returned and signed the logbook as a valid call. Chief told the crew that they would not be paid, unless the board voted to pay. There was no action from the board and the board agreed that the tone was called off. Discussed gas leak run. Deputy West felt that we should not charge the contractor that bumped the pipe and calling of consumers. Consumers told the contractor to call 911. Contractor was fixing the issue and 911 toned the fire department. Water grant that Chief applied for was awarded, pallet of water coming for department. ADK 3in1 Ice Rescue Tool Grant from Missaukee Area Community Foundation was awarded – 50/50 grant, \$700.00 was awarded. Paperwork needs signed and returned. Chief ordered pager charger/amplifier to enable page on 800mHz, which was a request from County. Financials provided by Clerk Winkelmann. Adjourned 5:37pm.</p>	
<p>Unfinished Business:</p>	
<ul style="list-style-type: none"> • Clerk Winkelmann presented two insurance contract renewals after a suggested modification from the board last month.
